

Hi everyone,

Hope that our summer is beginning today. I finally have flowers planted that I got from the greenhouse 3 weeks ago!!!!

As you can see above, we are again hosting the Blueberry Harvest Festival Beer Garden. Paul Cormier, Joan Cameron and I are working on the details and wanted to give everyone a heads up. We are using the basic same formula as last year with a few possible changes to the layout because we have more space now that the new door at the end of the ice shed allows us to use the whole shed.

A few weeks before the event we will start making calls to see who is available to help out either with the setup or with the event itself, so please mark the date on your calendar.

Until then enjoy your summer and be safe.

Later, J
